Getting Started with ReadCube Papers

Install

In addition to our full-featured web app, download Papers on your desktop (Mac/Windows) and mobile devices (iOS/Android) to access your library offline and on-the-go.

Import

Add your existing PDFs by dragging the files into your Papers library window or use the "Add" button at the top of the screen. Papers will automatically match article metadata and link available supplements.

Want to import from an existing reference manager? Import easily from Papers 3, Endnote, Zotero, and Mendeley

Search

Discover new articles within the app or add our browser extensions and enjoy 1 click imports on all your favorite discovery tools (like PubMed, Google Scholar, Dimensions), preprint databases and journal websites.

Read

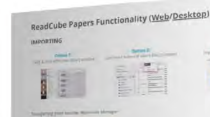

Double click any article in your library to view PDFs in our enhanced viewer - enjoy annotation tools, clickable inline citations, linked supplements, article metrics and much more.

Share

Click the "+" icon next to the Shared Libraries section on the left side of your library and create up to 5 collaborative space where you can invite up to 25 colleagues. Drag in PDFs or references from your personal library or desktop.
